

# **Programming Policy**

The Valatie Free Library will present programs that offer information, education, and recreation to citizens of the service area. Programs will be planned to meet the interests and needs of community members and will represent the wide range of ideas and views contained in our materials collection. They will represent the Library's philosophy of free access to information.

Programs over \$500 will have to be approved by the Valatie Free Library Board of Trustees. The Director must approve any items offered to the public for sale, in advance. In such instances, the creator, or his/her representative, may sell these works. Organizations or business affiliations may be used in the promotion of programs prepared by the Library. This does not constitute endorsement, merely acknowledgement.

Approved by the Valatie Free Library Board on 8/7/17

Approved by the Valatie Free Library Board on July 26, 2021.
